## Skills

Skills • Medication Dispensing: Proficient in accurately dispensing prescription medications, ensuring proper dosage, labeling, and patient counseling per regulatory standards. • Pharmaceutical Care: Skilled in providing comprehensive pharmaceutical care, including medication reconciliation, counseling, and therapy optimization to enhance patient understanding, adherence, and outcomes. • Inventory Management: Experienced in managing pharmaceutical inventory, conducting regular stock checks, optimizing stock levels, and reducing shortages to ensure uninterrupted medication supply. • Quality Control: Demonstrated ability to perform rigorous quality control checks

on pharmaceutical products, including visual inspections, potency testing, and labeling verification, to uphold product integrity and compliance with standards.

- Interdisciplinary Collaboration: Effective at collaborating with multidisciplinary teams, including physicians, nurses, and technicians, to coordinate patient care, resolve medication-related issues, and optimize treatment plans.
- Regulatory Compliance: Knowledgeable about pharmaceutical regulations and standards, with experience in ensuring compliance with Good Manufacturing Practices (GMP), pharmacy laws, and industry regulations to maintain patient safety and legal compliance.
- Communication Skills: Strong interpersonal and communication skills, enabling clear and effective communication with patients, healthcare professionals, and team members to facilitate understanding, collaboration, and positive patient outcomes.
- Problem Solving: Proficient in identifying and resolving medication-related problems, including drug interactions, adverse effects, and dosage adjustments, to optimize therapy and enhance patient safety and satisfaction.
- Continuous Professional Development: Committed to ongoing learning and professional development, evidenced by completion of relevant courses, certifications, and participation in educational seminars to stay updated on pharmaceutical trends, advancements, and best practices.
